## SUMMARY

An enthusiastic Software Developer with 5+ years of work experience in IT. I consider myself a person with logical and critical thinking, analytical and focused on problem solving.  
I have a passion for the challenges that are presented to me every day, since each one of them is an opportunity to test my skills, qualities and experience as a programmer.

---

## EXPERIENCE

### Microservices Developer | Grupo Salinas | México · Hybrid | October 2022 - Presentj

- Developed and maintained microservices that were built with Java, increased performance by 10%, and reduced latency across microservices by 15% to improve user experience.
- Utilized Docker and GitLab to create and maintain container-based microservices, providing standardized and secure deployments.

### iOS frontend mobile | GoNet An Orion Innovation Company | México · Remote | July 2022 - October 2022

- Designed user interfaces for iOS applications using Swift
- Skills: Swfit, REST

### Fullstack Developer | GOBIERNO DEL ESTADO DE CHIAPAS/SECRETARIA DE HACIENDA | Tuxtla Gutiérrez, Chiapas, México | October 2020 - October 2022

- Developed web applications using Microsoft SQL Server, ASP.NET Web API and Vue.js
- Implemented agile software development methodology and used Scrum to maintain development progress. .
- Developed intuitive and user-friendly interfaces that increased user engagement.
